### RoHS/REACH Compliance Certificate for Iridium Subscriber Products

Iridium Satellite LLC certifies that the components/materials of the part numbers listed below comply with Directive (EC) No. 2011/65/EU, Restriction of certain Hazardous Substances (RoHS) and/or EU Regulation (EC) No. 1907/2006, Registration Evaluation Authorization and Restriction of Chemicals (REACH).

Part Number	Description
SBDN9602	L-Band Short Burst Transceiver, Iridium 9602N
SBDN9603	L-Band Short Burst Transceiver, Iridium 9603N

Iridium certifies that the manufacturing processes and specified materials used to produce these products are in compliance with the applicable environmental law, subject to applicable exemptions or authorizations. This certification is based on the material knowledge, industry specifications and information from our material suppliers, and shall continue until such a time as we are advised or become aware that it is no longer applicable. As such time, a new or amended certification will be provided.
